ॐ सूर्यनारायणाय नमः

जपाकुसुमसंकाशं काश्यपेयं महाद्युतिम्
तमोऽरिं सर्वपापघ्नं प्रणातोऽस्मि दिवाकरम्

The worship of the Sun is as old as civilization.

I bow to you, O Surya, the Son of Kashyapa Muni, the destroyer of darkness and all sins, whose luster is like that of red Jaswand Flower. The worship of the Sun is as old as civilization.

The Sun that awakens man from darkness, the Sun that is so brilliant that it cannot be seen by the naked eye evokes awe in the human mind. In the Rig-Veda, Surya has been described as the life (atma) of all creation. Surya is praised as the God of Gods (Rig-Veda 1.50.10). Homage is paid to Surya by chanting special names while offering him salutation-Surya Namaskara. These twelve names that we use to worship Surya serve to remind us of his glory and power and to be eternally grateful for his constant blessings in our life here on earth.

Suryadatta Group of Institutes,
One can find no substitutes,
A warm and welcoming ambience,
Tutoring provided par excellence

Quality with equality is the essence,
There are modern courses which have relevance
The students are in a state of jubilance,
They gain enlightenment without hindrance
In today's times' it holds great reverence,

As it is a centre of academic excellence
Since long has been its very existence,
Hence, far and wide has spreads its fragrance

By Suryans

Our Inspiration

"One must continuously strive for excellence and perfection in any assignment however small and never be satisfied with the second best"

J. R. D. TATA

"Awake, arise and stop not, till your goal is reached."

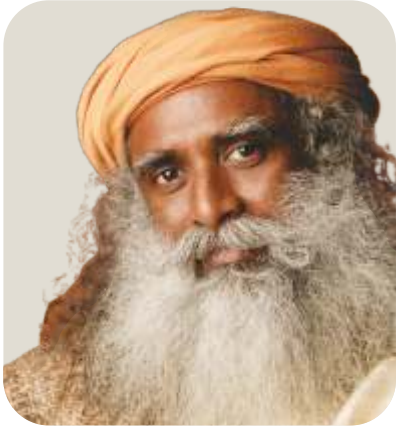
SWAMI VIVEKANANDA

"The success or failure of an organisation depends on people, on human beings, on their talent, on their initiative, on their ability to lead, and on co-ordination with others, to work as a team."

ADITYA BIRLA

"We must create a civilized society, where everybody has equal opportunity to better his or her life.

NARAYANA MURTHY



"Incredible things can be done simply if we are committed to making them happen"

SADHGURU

"If people are not laughing at your goals, your goals are too small"

AZIM PREMJI

Suryabharat : Building Knowledge. Creating Enterprises. Delivering Impact

Welcome to Suryabharat Group — a future-focused Indian enterprise conceived to build integrated pathways across education, industry, and innovation. This is founded on a strong legacy of over 25 years in education leadership and the Chairman's extensive industry experience of more than two decades with Force Motors.

As a forward-looking conglomerate, our vision is rooted in building empowered institutions and enterprises that contribute to economic transformation, innovation, and human development — while uplifting communities and creating shared prosperity.

Suryabharat represents a unique ecosystem where education, industry, and services converge to create future-ready professionals, innovative enterprises, and sustainable solutions. Through its academic initiatives and diversified industry ventures, Suryabharat is committed to nation-building, skill development, entrepreneurship, and global collaboration.

Rooted in the principles of quality education, ethical governance, and innovation-driven growth, Suryabharat bridges the gap between learning and application, ensuring that knowledge translates into employability, enterprise creation, and societal advancement.

By fostering strong industry–academia linkages, promoting research, incubation, and experiential learning, and encouraging self-reliance and leadership, Suryabharat nurtures talent capable of addressing contemporary challenges and emerging opportunities.

Aligned with national priorities such as NEP 2020, Skill India, Startup India, and Atmanirbhar Bharat, Suryabharat serves as a catalyst for inclusive growth, economic resilience, and global competitiveness, contributing meaningfully to India's progress in a dynamic world.

Key Focus Areas:

- Emerging technologies & GenNext Skills
- Management & leadership readiness
- Legal, Cyber & forensic competence
- Employability, entrepreneurship & ethics
- Interdisciplinary & multidisciplinary learning (NEP 2020 aligned)
- Industry-integrated & experiential education
- Research, innovation & incubation
- Digital transformation & governance awareness
- Global competence & international orientation
- Social responsibility & sustainable development

Core Pillars

- Education & Capacity Building
- Industry & Enterprise Development
- Professional, Technical & Consulting Services

About the Founder Director, Suryabharat Industries LLP

Professor Dr Sanjay B Chordiya

Founder President & Chairman,
Suryadatta Education Foundation
Founder Director, Suryabharat Industries LLP

Prof. Dr. Sanjay B. Chordiya is the Founder and Director of Suryabharat Industries LLP and the visionary architect behind the Suryabharat Group of Industries. An entrepreneur, educationist, institution builder and strategic leader, he brings together more than three decades of experience in business leadership, higher education, innovation, skill development and enterprise creation.

Driven by the vision of "Building Enterprises. Integrating Knowledge. Driving a Viksit Bharat," he has conceptualised Suryabharat Industries as a diversified enterprise platform integrating education, technology, healthcare, manufacturing support, consulting, media, food & hospitality, innovation, startups and global collaborations into a single ecosystem for sustainable economic growth.

His professional journey combines valuable industrial exposure with Force Motors and over twenty-eight years of institution-building through the Suryadatta Education Foundation, enabling him to create a unique industry-academia-enterprise model that promotes innovation, entrepreneurship, research commercialization and employment generation.

Under his leadership, Suryabharat Industries LLP is being developed as a future-ready enterprise with strong emphasis on ethical governance, regulatory compliance, digital transformation, sustainability and scalable business models. The Group actively supports the national missions of Make in India, Startup India, Skill India, Digital India, Atmanirbhar Bharat and Viksit Bharat @2047.

His leadership philosophy is centred on creating an integrated ecosystem in which knowledge, talent, technology and entrepreneurship can be converted into sustainable enterprises and meaningful economic opportunities. He seeks to bring together professionals, academicians, industry leaders, entrepreneurs, investors and young talent to build ventures that are professionally managed, innovation-driven and capable of creating employment and wider social impact. Through this approach, Suryabharat Industries is envisioned not merely as a diversified business group, but as a platform for enterprise creation, collaboration and nation-building.

Prof Dr. Chordiya continues to guide the Group's strategic expansion through partnerships, incubation initiatives, technology-enabled businesses and global collaborations, with the objective of creating long-term value for society, industry, investors and future generations.

About the Founder Director, Suryabharat Industries LLP

Mrs. Sushama S. Chordiya

Vice President & Secretary, Suryadatta Education Foundation
Founder Director, Suryabharat Industries LLP

Mrs. Sushama S. Chordiya serves as Founder Director of Suryabharat Industries LLP and contributes to shaping the strategic vision and organisational framework of the Group. She plays an important role in guiding the development of governance systems, administrative processes and organisational policies that will support the Group's long-term growth and sustainability.

With a strong commitment to ethical leadership, quality and responsible business practices, she works closely with the leadership team in conceptualising people-centric systems and collaborative frameworks that will foster innovation, operational excellence and stakeholder value as the organisation evolves.

Mrs. Chordiya is deeply committed to promoting entrepreneurship, women empowerment, youth development, education, healthcare, skill development and community welfare. She believes that sustainable businesses should create meaningful economic opportunities while contributing positively to society.

As Director, she is actively involved in strengthening the foundational framework of Suryabharat Industries LLP by supporting strategic planning, institutional development, corporate governance and the establishment of partnerships that align with the Group's long-term vision.

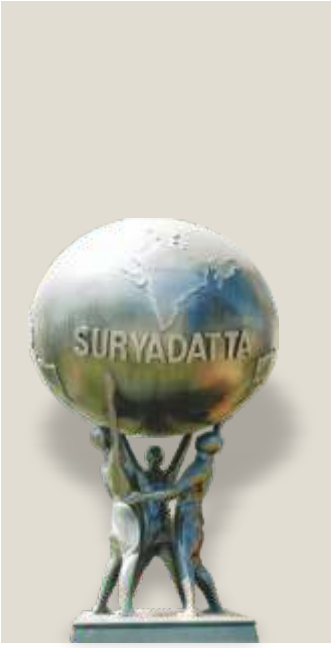
Her approach to leadership places strong emphasis on building an organisation founded on trust, inclusivity, professionalism and responsible growth. She seeks to ensure that the expansion of Suryabharat Industries is supported by strong organisational systems, effective people practices and a culture that values contribution, collaboration and continuous development. Her focus on empowering people and creating opportunities for women and youth adds an important social and human dimension to the Group's broader enterprise-building vision.

Her commitment to integrity, inclusivity and sustainable development continues to guide the Group's mission of building future-ready enterprises that contribute to India's vision of Viksit Bharat 2047.

Legacy -
SURYADATTA GROUP OF INSTITUTES

Suryabharat Group of Industries marks the coming together of proven leadership in education and industry under a unified vision. While the Group has been recently launched, it draws upon over 27+years of experience in the education sector through institution-building, academic innovation, and skill development initiatives, along with the Chairman's more than 20 years of industry experience with Force Motors.

This combined legacy shapes the Group's disciplined approach to growth, its understanding of industry requirements, and its focus on employability, innovation, and long-term institutional strength. SBGI builds on this foundation to create scalable platforms aligned with national priorities and emerging global opportunities.



Suryadatta Education Foundation's
SURYADATTA GROUP OF INSTITUTES

Established in 1999 under the aegis of Suryadatta Education Foundation , Suryadatta Group of Institutes has evolved into a multi-disciplinary integrated Institution offering wide range of academic programs from basic schooling to Doctorate degree across multiple disciplines such as Business Management, Information Technology, Commerce, Travel Tourism and Hospitality Management, Computer Applications, Interior design, Fashion Design, Event Management, Mass communication, Education, Animation, Law, Cyber Security, Physiotherapy, Pharmacy, Nursing, Film making, Beauty & Wellness, Health & Fitness, Performing Arts etc.

New Exterior Look of Suryadatta Multidisciplinary Integrated Bavdhan Campus @ 2026 Enriching Enlightening Academic Ambience

About the Group : SURYABHARAT INDUSTRIES LLP

Suryabharat Industries LLP is a diversified, future-oriented Indian enterprise group conceived to build an integrated ecosystem spanning education, skill development, innovation, enterprise creation, and global engagement. The Group represents a strategic evolution from decades of experience in education and institution-building into a broader, enterprise-led platform aligned with India's long-term economic and developmental priorities.

While newly launched as a Group, Suryabharat is founded on strong leadership credentials, combining over 25 years of experience in the education sector with the Chairman's more than two decades of industry exposure with Force Motors. This unique convergence of academic insight and industrial understanding shapes SBGI's approach to building scalable, compliant, and future-ready enterprises.

Suryabharat Group of Industries has been conceptualized as an integrated platform encompassing education-linked enterprises, professional services, innovation and incubation centres, technology and digital initiatives, healthcare and life sciences, creative industries, agro-food enterprises, and global business engagement. Each domain is envisaged to be developed through a phased, disciplined approach, guided by regulatory compliance, quality standards, and ethical governance.

Driven by principles of sustainable growth and responsible enterprise-building, SBGI is committed to long-term value creation, employment generation, entrepreneurship development, and institutional capacity-building. Through its initiatives and platforms, the Group seeks to contribute meaningfully to national priorities such as Make in India, Skill India, Startup India, Atmanirbhar Bharat, and the Viksit Bharat vision.

Unlike traditional conglomerates, Suryabharat follows an ecosystem-based model, wherein academic institutions, skill development platforms, industry ventures, incubation and innovation centres, and global advisory services are designed to function in synergy. This integrated approach enables continuous talent development, application-oriented innovation, enterprise creation at multiple levels, and sustainable growth through diversification and collaboration.

Through this ecosystem-driven philosophy, Suryabharat Group of Industries aims to build enduring institutions and enterprises that create long-term economic value, reduce risk through integration, and contribute positively to society and the nation.

Vision

To build a future-ready Indian enterprise group that integrates education, industry, and innovation to create sustainable economic and societal impact

Mission

- To develop institutions and enterprises that align knowledge with industry relevance
- To foster innovation, skills, and employability across sectors
- To create collaborative platforms that enable national development and global engagement
- To operate with integrity, accountability, and long-term purpose

Our Values

- **Integrity:** Upholding ethical conduct and transparency in all our actions
- **Excellence:** Striving for quality and continuous improvement
- **Responsibility:** Balancing growth with social and environmental responsibility
- **Collaboration:** Building partnerships that create shared value
- **Innovation:** Embracing change and future-oriented thinking

Suryabharat Industries: BUSINESS VERTICALS

Suryabharat Group operates across diverse yet complementary business verticals, each aligned with our long-term vision of building sustainable institutions, enterprises, and global platforms. Together, these verticals form an integrated ecosystem that drives growth, innovation, and societal impact.

Education & Institutions (Knowledge & Human Capital Vertical)

Delivering quality academic & professional education through institutions designed to meet global standards and evolving industry needs.

Genext Skill Development & Employability

Bridging the gap between education and employment through industry-aligned skills, certifications, and workforce readiness initiatives.

Innovation, AI, Data Science, UI / UX & Emerging Technologies

Advancing applied innovation through emerging technologies, digital platforms, and experiential media solutions.

Global Business & Trade Platforms

Creating forums and engagement platforms that enable international dialogue, business collaboration, and trade facilitation.

International Mobility & Consulting

Providing structured global education pathways, cross-border engagement facilitation, and international advisory services.

Industries & Manufacturing

Supporting industrial and manufacturing ventures with a focus on operational excellence, quality, and long-term value creation.

Trusted Name for Imparting Quality Education and Holistic Development for Assured Success

Suryabharat Industrial Research Dnyanpeeth (SBIRD)

Centre for Innovation, Venture Creation & Technology Commercialisation

Executive Overview

Suryabharat Industrial Research Dnyanpeeth (SBIRD) is a next-generation industrial innovation, research, and venture creation platform established by Suryabharat Industries LLP to bridge the gap between academic knowledge, industrial research, entrepreneurship, and commercial success.

Unlike traditional incubation centres, SBIRD functions as a comprehensive enterprise development ecosystem that transforms ideas into commercially viable products, technologies, intellectual property, startups, and globally competitive businesses through structured innovation, industry collaboration, research commercialization, and investment facilitation.

The platform is aligned with India's national priorities including Atmanirbhar Bharat, Startup India, Make in India, Digital India, Skill India, NEP 2020, and the Viksit Bharat 2047 vision, enabling researchers, innovators, MSMEs, industries, educational institutions, investors, and policymakers to collaborate for sustainable industrial development.

Purpose & Strategic Mandate:

SBIRD has been established to create a structured pathway that converts:

- Research into Commercial Products
- Innovation into Enterprises
- Intellectual Property into Business Assets
- Students into Entrepreneurs
- MSMEs into Globally Competitive Enterprises

Vision

To become India's leading industrial innovation, research, and venture creation ecosystem driving sustainable enterprise growth and technology commercialization.

Mission

- Promote industry-oriented research
- Accelerate innovation-led entrepreneurship
- Develop globally competitive technologies
- Strengthen MSME competitiveness
- Foster academia–industry collaboration
- Build intellectual property and commercial value

Strategic Objectives of SBIRD

Creating a Stronger Bridge Between Knowledge, Industry & Enterprise

SBIRD is envisioned as a platform that brings academia, industry, research, entrepreneurship and technology together to create future-ready talent, innovative enterprises and sustainable industrial growth.

Foster Industry–Academia Synergy

Build meaningful partnerships with industrial leaders across sectors to co-create curricula, research projects, training modules and live learning experiences aligned with industry requirements and emerging opportunities.

Support Student Start-ups

Enable students to transform ideas into businesses through mentorship, incubation, industry exposure and innovation challenges, creating pathways towards entrepreneurship, employment and industrial transformation.

Advance Industrial Skilling & Mindsets

Provide specialised, industry-aligned training while cultivating a mindset of productivity, innovation, problem-solving, operational excellence and continuous improvement.

Develop Future-Ready Industry Leaders

Prepare learners not merely for employment, but to become creators, entrepreneurs, technology leaders and enterprise builders capable of managing growth and developing sustainable businesses.

Promote Local Industrial Growth

Work with communities, industries and institutions to support the development of industrial and entrepreneurial ecosystems that generate employment and contribute to regional economic development.

Bridge Research, Production & Impact

Facilitate collaborative research and co-creation between academia and industry, enabling innovations to progress towards prototypes, market-ready products, scalable solutions and measurable societal impact.

Champion Atmanirbhar Bharat & National Growth

Align SBIRD initiatives with India's vision of self-reliance, inclusive development and global competitiveness, empowering youth to become creators, innovators, manufacturers and leaders contributing to India's industrial resurgence.

Core Domains of Engagement

SBIRD operates across strategic innovation domains:

- Industrial Research
- Applied Research & Development
- Technology Validation
- Product Development
- Intellectual Property Creation
- Startup Incubation & Acceleration
- Technology Commercialisation
- MSME Modernisation
- Corporate Innovation
- Global Technology Partnerships

Operating Model

Unique Value Proposition

SBIRD differentiates itself by:

- Integrating research with enterprise creation
- Combining innovation, investment, and commercialization
- Providing end-to-end venture support
- Leveraging Suryadatta's academic ecosystem and Suryabharat's industry platform
- Creating measurable economic and societal impact

Innovation Centres & Research Services

Centres of Excellence

- Artificial Intelligence & Machine Learning
- Cyber Security & Digital Intelligence
- Industry 4.0
- Robotics & Automation
- Healthcare & Life Sciences
- Design & Creative Technologies
- Sustainable Energy

Services

Industrial Research

Product Development

Prototype Development

Technology Validation

Patent Drafting & Filing

Technology Licensing

Consultancy

Industry-Academia Collaborative Research

Venture Creation Framework

SBIRD follows a structured innovation lifecycle:

- Innovation Discovery
- Feasibility Assessment
- Proof of Concept
- Prototype Development
- Patent & IP Protection
- Incubation
- Seed Funding
- Market Validation
- Commercial Launch
- Scale-up & Internationalisation

SBIRD Innovation Academy

Executive Learning · Research · Innovation

SBIRD Innovation Academy will provide industry-oriented learning for students, professionals, researchers, entrepreneurs, and corporate executives.

Innovation & Research

- Research Methodology
- Design Thinking
- Innovation Management
- Technology Foresight

Technology

- Artificial Intelligence
- Data Science
- Cyber Security
- IoT
- Industry 4.0
- Robotics
- Other Emerging Technologies

Commercialisation

- Patent Drafting
- Technology Transfer
- Startup Finance
- Venture Capital
- IP Valuation
- Product Commercialisation

Earn While You Innovate

Student Innovation Model

Students actively participate in:

- Research Projects
- Patent Drafting
- Prototype Development
- Innovation Challenges
- Corporate Research
- Technology Validation
- Product Testing
- Grant Writing
- Startup Consulting
- Market Research

Benefits

- Innovation Fellowships
- Project Stipends
- Patent Incentives
- Corporate Internships
- Entrepreneurial Mentoring

The SBIRD Advantage

Research. Innovation. Enterprise. Commercialisation.

End-to-End Innovation-to-Enterprise Platform

SBIRD connects the complete journey from idea and research to validation, intellectual property, incubation, investment, commercialisation and global expansion.

Research with Commercial Purpose

SBIRD bridges academic knowledge and industrial research with the objective of transforming research outcomes into commercially viable products, technologies and businesses.

Innovation + IP + Enterprise

SBIRD brings together intellectual property creation, technology development, venture creation and commercialisation, enabling knowledge and innovation to generate economic value.

Industry–Academia Convergence

Leveraging Suryadatta's academic ecosystem and Suryabharat's industry platform, SBIRD creates a structured interface between researchers, institutions, industries and entrepreneurs.

Technology Commercialisation Focus

From technology validation and prototypes to patents, licensing, technology transfer, spin-offs and joint ventures, SBIRD supports the transition from innovation to market.

MSME & Corporate Innovation

Supporting MSMEs and corporates through applied research, product development, modernisation, innovation and technology solutions.

Global Orientation

Building globally competitive technologies, strategic technology partnerships and pathways for internationalisation.

From Ideas to Innovation. From Innovation to Enterprise. From Enterprise to Global Impact.

SBIRD Impact & Outcomes

From Research & Innovation to Measurable Impact

SBIRD is designed to transform knowledge, ideas and research into solutions that create value for industry, entrepreneurs, students, society and the nation.

Through an integrated ecosystem of research, innovation, intellectual property, technology development, entrepreneurship and industry collaboration, SBIRD seeks to create outcomes that extend beyond academic achievement—towards commercialisation, enterprise creation, employment and sustainable economic growth.

RESEARCH & KNOWLEDGE

Industry-oriented Research • Applied R&D • New Knowledge • Research Collaborations • Knowledge Exchange

INNOVATION & TECHNOLOGY

Ideas • Proof of Concept • Prototypes • Technology Solutions • Product Development

INTELLECTUAL PROPERTY

Patents • IP Protection • Technology Transfer • Licensing • Commercialisation

ENTERPRISE CREATION

Startups • Spin-offs • Joint Ventures • New Products • New Businesses • Market Opportunities

HUMAN CAPITAL

Student Innovators • Entrepreneurs • Researchers • Industry-Ready Professionals • Future Leaders

ECONOMIC & SOCIAL IMPACT

Employment Generation • MSME Competitiveness • Industrial Development • Sustainable Growth • Social Value

From Knowledge to Impact

Research → Innovation → Intellectual Property → Products & Technologies → Startups & Enterprises → Employment & Economic Value → National & Global Impact

SBIRD — Building Knowledge. Creating Innovation. Enabling Enterprises. Delivering Impact.

The Road Ahead

Building India's Next Generation of Innovation-Led Enterprises

SBIRD aspires to evolve into a leading industrial innovation, research and venture creation ecosystem driving sustainable enterprise growth and technology commercialisation.

Our Future Focus

Expanding Research & Innovation
Strengthening industry-oriented and applied research across emerging and strategic technology domains.

Building Technology-Led Ventures
Creating pathways for promising technologies, products and intellectual property to develop into scalable enterprises.

Strengthening MSMEs & Industry
Supporting modernisation, innovation, technology adoption and global competitiveness among MSMEs and industry.

Deepening Academia–Industry Collaboration
Creating more opportunities for joint research, corporate research, innovation challenges and industry-linked projects.

Developing Innovation Talent
Through the SBIRD Innovation Academy, preparing students, researchers, professionals and entrepreneurs in research, innovation, emerging technologies and commercialisation.

Accelerating Commercialisation
Expanding technology transfer, licensing, spin-offs, joint ventures, strategic alliances and investor connections.

Building Global Connections
Developing international technology partnerships and pathways for the globalisation of Indian innovations and enterprises.

To create a powerful bridge between India's knowledge base and its enterprise potential—turning research and innovation into products, technologies, businesses and globally competitive enterprises.

Investment, Partnerships & National Impact

Strategic Partnerships

SBIRD collaborates with:

- Industries
- MSMEs
- Universities
- Research Institutions
- Government Agencies
- Investors
- CSR Foundations
- Global Innovation Networks

Investment Opportunities

- Venture Funding
- Corporate Innovation Sponsorship
- Research Endowments
- Technology Licensing
- Joint Research Centres
- Innovation Challenge Programs

National Alignment

SBIRD contributes to:

- Atmanirbhar Bharat
- Startup India
- Make in India
- Skill India
- Digital India
- National Education Policy 2020
- Viksit Bharat 2047

SBIRD is more than an innovation centre—it is a national platform where research becomes enterprise, intellectual property becomes economic value, and ideas become globally competitive businesses.
