## DSK SCHOOL — Where Knowledge and Passion blends

**D**SK School, located at DSK Vishwa in a serendipitous beauty of nature, is an internationally acclaimed school with a state of the art infrastructure. The school joins the elite group of schools which have been accredited by the British Council with International School Award. The school gives the best to the students, be it the latest methodology of teaching, technology driven classrooms and other facilities like Students clubs, Sports club, Exploratory lab, Career counselling, Soft skills training, and Entrepreneurship program. Students are engaged in debates, group discussions, elocutions, declamation and other literary activities.

Over the years, the school has progressed in academics. The remarkable results at the ICSE exam for the past six years are a testimony to the excellence of the teaching staff. The teachers ensure that learning is relevant, engaging, challenging and significant to meet the diverse needs of the students. The young curious minds are stimulated to question, think and voice their views. They are groomed to be responsible citizens by sensitising to various social issues and by participating in various awareness campaigns.

Students are exposed to various competitive examinations, inter school competitions and projects. The competitions

The students right from grade I are engaged in integrated projects, which involve interdisciplinary study. It deepens understanding and develops passion for learning.

Sports is an integral part of their curriculum. The day begins with sports activities, which energises the students for the day's tasks. They are trained for the games like volley ball, throw ball, basket ball and athletics and have won state and national championships. The school takes pride in hosting DSK KARANDAK – an interschool sports meet every year. This mega event witnesses the confluence of talents and sporting spirit. Not only sports, the school also hosts DSK NUMERIC GENIUS – an inter school Math quiz competition. These two mega events are the hallmark of DSK School.

The students are well connected with traditional Indian values and culture and also exposed to global culture and diversity. The school received International School Award for imbuing internationalism in school curriculum and for nurturing the students as global citizens. The students earned rich learning experiences as they collaborated with overseas schools and learnt to appreciate and respect the global diversity.

DSK School nurtures different facets of a child and allows to blossom. It empowers and inspires the students to be passionate lifelong learners.

## PANCHGANI'S PURE VEG. CBSE SCHOOL

### CELEBRATING 20 SUCCESSFUL YEARS

**S**weet Memories High School & Jr. College, presiding atop the exotic hillstation of Panchgani, in Maharashtra is a pure veg residential school with excellent infrastructure and teaching facilities. Located only 100kms from Pune amidst untouched hills and waterfalls, enriches the learning experience of every student.

Says the administrator, Chandra Shah, "When a parent hands over their children to us, it becomes a big responsibility at our end, unlike day schooling, where the child is returning back home in the evening. Our moto is to be a home away from home, where children are nurtured in a safe and trusted environment". This well justifies their tag line "WE DO NOT ADMIT YOU, WE ADOPT YOU".

Through her very hardwork and dedication, Chandra Shah, popularly know as 'Aunty' to the children, parents and staff, has built a reputation of trust and belongingness with them all. The homely environment of the school plays a very important role in creating the familylike atmosphere which commercial schools lack.

The school offers primary and secondary education in CBSE board. The Jr.College offers classes for 11th and 12th Standard. The school owns a fully A/C auditorium where various programmes are conducted through the year. Modern E-learning facilities, Design and Technology Lab and a range of co-curricular and sports activities like, Volleyball, badminton, carom, chess,

football, basketball, cricket, etc. State and national quiz competitions are conducted through the year. Having affiliations with popular dance and music academies in Mumbai, the students get a chance to learn the talent from experts. The student teacher ratio is strictly maintained at 10:1 as also separate hostel facilities are available for boys and girls. The principal Ajay Sonawane along with other highly talented staff members define the values, discipline and the impeccable school culture.

Their dedication is seen each year as the school excels with an unbreakable record of result at the board exams till date.

Spiritual education to strengthen the value system in children is interweaved with the formal education to give a holistic approach. The school also encourages and involves students in social service activities done in association with NGO'S and visits to orphanages and nearby villages. Thus, children from SMHS reflect a personality

filled with self-confidence and imbued with a spirit of service towards mankind.
