The worship of the Sun is as old as civilization.

I bow to you, O Surya, the Son of Kashyapa Muni, the destroyer of darkness and all sins, whose luster is like that of red Jaswand Flower. The worship of the Sun is as old as civilization.

The Sun that awakens man from darkness, the Sun that is so brilliant that it cannot be seen by the naked eye evokes awe in the human mind. In the Rig-Veda, Surya has been described as the life (atma) of all creation. Surya is praised as the God of Gods (Rig-Veda 1.50.10). Homage is paid to Surya by chanting special names while offering him salutation-Surya Namaskara. These twelve names that we use to worship Surya serve to remind us of his glory and power and to be eternally grateful for his constant blessings in our life here on earth.

Dear Prof. Dr. Sanjay Chordiya & **Mrs. Sushama Chordiya**

Please accept warm greetings and congratulations for the function organized on 7th Feb. 2013 for presentation of "Suryadatta National Lifetime Achievement Award" and "Suryadatta National Awards 2013".

Due to health problem, I am sorry I could not give full justice to the program. I have also missed an opportunity to listen to the speeches of the eminent awardees.

Being part of your organization, I was hesitant to accept the award. However your love did not allow me to refuse the same. This program also provided me an opportunity to meet several friends including Manindarjit Singh Bitta and others.

Love and affection of friends like you has always remained the strength in my life. I am sure that I will continue to receive the same in future.

I have my dream about Suryadatta Group of Institutes. Within few years, this Institute should be "Harvard" of India. Please try to fulfil my dream.

With warm regards and best wishes for Suryadatta Group of Institutes.

About Physiotherapy

According to the **Chartered Society of Physiotherapists, London, United Kingdom :**

Physiotherapists help people affected by injury, illness or disability through movement and exercise, manual therapy, education and advice. They maintain health for people of all ages, helping patients to manage pain and prevent disease. The profession helps to encourage development and facilitate recovery, enabling people to stay in work while helping them remain independent for as long as possible.

A physiotherapist, or physical therapist, works with patients to help them manage pain, balance, mobility, and motor function. This can also help to reduce your risk of injury or illness in the future.

Physiotherapy takes a holistic approach that involves the patient directly in their own care.

The mission of a Physiotherapist is to improve your quality of life.

KEY REPORTS:

The field of wireless has undoubtedly become remarkably more complex in the past few years, and the combination of more intelligent users and digital technology is making it even more difficult to monitor. There is a lot of technology on its way to improve the field, and we hope to keep abreast of their new uses so that there will be a digital divide as we review the competition leading back to action.

Buckingham Palace: It is a royal residence in London and the administrative headquarters of the monarch of the United Kingdom. It is the place where Coronation of King Charles III took place on 6th May 2023.

Big Ben or London Watch Tower: Big Ben, tower clock, is famous for its accuracy and for its massive bell, which weighs 15.1 tons. The whole clock tower is at the northern end of the Houses of Parliament, in the London borough of Westminster. It took 13 years to build. Companies are looking at hiring people with multiple skill sets, multi-tasking and people who can unlearn fast and learn even faster. Life skills, which add capabilities to aid young people in transitioning to an evolving era of work, have been identified as important for the holistic development of young minds. Effectively scaling up the delivery of such innovative programmes, to empower our youth to thrive and equip them with the right skill sets, is the appropriate logical step.
