Professor Dr. Sanjay B. Chordiya
Founder President & Chairman of the Suryadatta Education Foundation (SEF)

As India celebrates its 80th Independence Day, we stand at a historic milestone in the nation's journey. Our freedom fighters secured the country's independence through their courage and sacrifice. Today, the responsibility of building a developed, self-reliant and empowered India rests with all of us.

This new India must be built on the strong foundations of knowledge, skills, innovation, values, entrepreneurship and social responsibility. Keeping this vision at its core, Suryadatta Group of Institutes has consistently worked towards nurturing students into capable, self-reliant and responsible citizens through education, skills, values, innovation and social commitment.

NURTURING SENSITIVE AND RESPONSIBLE PERSONALITIES

One of Suryadatta's distinctive strengths is the harmonious integration of Indian culture with modern education. Through meditation, pranayama, yoga, kirtan, Indian traditions and value-based activities, the institution promotes the mental, physical, emotional and spiritual

well-being of students. Sports, fitness activities, cultural programmes, art, literature, social engagement and leadership-development initiatives further contribute to creating balanced, confident and sensitive personalities. The institution believes that education must go beyond academic achievement and prepare young people to become compassionate individuals and responsible citizens.

INITIATIVES FOR STUDENTS IN NEED

Social service is an integral part of the Suryadatta philosophy. Initiatives such as Gyan Daan, Book Bank, Product Bank and Clothing Bank have become sources of support and hope for students in need. The institution also actively contributes to society through blood donation camps, health check-up programmes, environmental conservation initiatives, rural development activities, women's empowerment programmes, disaster-relief efforts and various social-awareness campaigns.

These initiatives reflect Suryadatta's commitment to creating not only successful professionals but also socially responsible citizens

who understand their duty towards society and the nation.

"Education for personality development... Skills for self-reliance... Research for innovation... Values for social responsibility... And, through all of these, a Developed India"

28 YEARS OF VISIONARY LEADERSHIP

For the past 28 years, Prof. Dr. Sanjay B. Chordiya has regarded educa-

tion as a powerful instrument of social transformation. With dedication and vision, he has contributed to shaping the lives and careers of thousands of students.

Student success, holistic personality development, value education and awareness of social responsibility have remained at the heart of his educational philosophy. Suryadatta Group of Institutes has established

itself not merely as an educational institution but as an inspiring centre of student-centric education, where knowledge, values, skills, innovation and entrepreneurship come together.

INSPIRING STUDENTS THROUGH DISTINGUISHED PERSONALITIES

Suryadatta Education Foundation regularly invites eminent personalities from education, industry, defence, science, technology, the arts, sports, social work and entrepreneurship to interact with students and stakeholders. These engagements provide valuable real-world insights while nurturing leadership, innovation, entrepreneurship, ethical values and a spirit of national service.

A YEAR-ROUND COMMITMENT TO SOCIETY

Through year-round initiatives in education, healthcare, skill development, environmental sustainability, women's empowerment, entrepreneurship and social welfare, Suryadatta actively contributes to society. Guided by the belief that "Personality development through knowledge leads to nation-build-
