The worship of the Sun is as old as civilization.

I bow to you, O Surya, the Son of Kashyapa Muni, the destroyer of darkness and all sins, whose luster is like that of red Jaswand Flower. The worship of the Sun is as old as civilization.

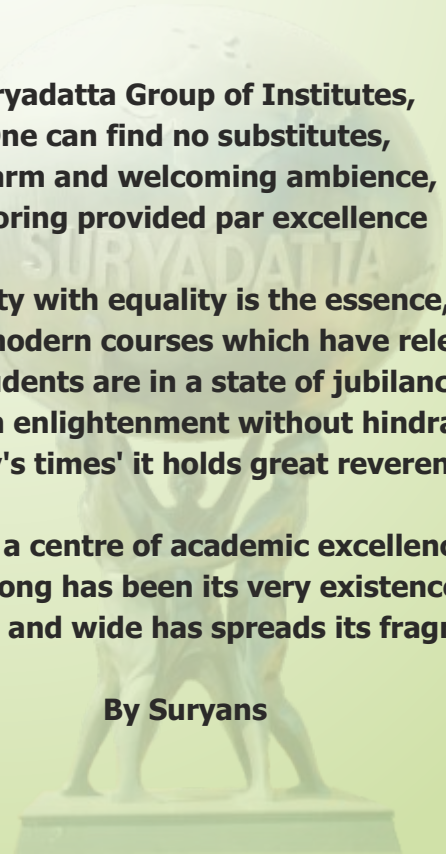

The Sun that awakens man from darkness, the Sun that is so brilliant that it cannot be seen by the naked eye evokes awe in the human mind. In the Rig-Veda, Surya has been described as the life (atma) of all creation. Surya is praised as the God of Gods (Rig-Veda 1.50.10). Homage is paid to Surya by chanting special names while offering him salutation-Surya Namaskara. These twelve names that we use to worship Surya serve to remind us of his glory and power and to be eternally grateful for his constant blessings in our life here on earth.

Dear Prof. Dr. Sanjay Chordiya & Mrs. Sushama Chordiya

Please accept warm greetings and congratulations for the function organized on 7<sup>th</sup> Feb. 2013 for presentation of "Suryadatta National Lifetime Achievement Award" and "Suryadatta National Awards 2013".

Due to health problem, I am sorry I could not give full justice to the programme. I have also missed an opportunity to listen to the speeches of the eminent awardees.

Being part of your organization, I was hesitant to accept the award. However your love did not allow me to refuse the same. This programme also provided me an opportunity to meet several friends including Manindarjit Singh Bitta and others.

Love and affection of friends like you has always remained the strength in my life. I am sure that I will continue to receive the same in future.

I have my dream about Suryadatta Group of Institutes. Within few years, this Institute should be "Harvard" of India. Please try to fulfil my dream.

With warm regards and best wishes for Suryadatta Group of Institutes,

Yours sincerely,

Mohan Dharia

Excellence is the hallmark of the Suryadatta Group, throughout its journey for almost two decades and it has found a befitting culmination in these Awards which were initiated in the year 2003. The institute received several nominations for 2026 and I would like to thank every entrant for the same. # Madhuri honoured for her contribution to Hindi cinema

Dr. Sanjay B. Chordiya and Sushma Chordiya felicitating Madhuri Dixit

Actress Madhuri Dixit was recently conferred with Suryadatta Global Award for her significant contribution to Hindi cinema by Suryadatta Global Business Forum. Organised to mark the silver jubilee year of the group, the awards are a platform for acknowledging people nationally and globally for their accomplishments in their respective fields. On this occasion, the group shared that actress' commitment serves as an inspiration for people considering careers in the entertainment business, and legacy continues to motivate the next generation of artists and cultural viewers.

Suryadatta Global Business Forum (SGBF) has recently been formed by the Suryadatta group. It brings together business professionals and like-minded people from various segments, particularly SMEs and start-ups under one roof. It is an initiative by Dr. Sanjay B. Chordiya, professor, founder president and chairman of Suryadatta Education Foundation and Sushma Chordiya vice-president of the group. It serves as a platform for businesses and entrepreneurs to share ideas and experiences for entrepreneurial development.

Interestingly, they were invited for a convention in London last month. That convention inspired them to take this newly formed forum forward and start the activities in the interest of the entrepreneurs.

# Chipko proponent predicts a water crisis

Gitesh Shelke

Environmentalist and Chipko movement leader Sundarlal Bahuguna on Sunday lamented the sale of the most freely available commodity on the planet, water.

This, he said, is due to human negligence towards environment.

Bahuguna was addressing a function after receiving the Suryadatta National Lifetime Achievement awards instituted by Suryadatta Group of Institutes.

Apart from Bahuguna, former chairman of Atomic Energy Commission of India Anil Kakodkar, santoor player Pandit Shivkumar Sharma, former chief election

available in rivers is diminishing due to poor rainfall and reduction of glaciers in Himalayas. "The nation will soon face a water crisis if environment degradation continues," he said.

He said he never thought that water would be packaged and sold in bottles. "This is the most freely available commodity and I never thought that it would be sold in bottles," he said.

"When I was advising people to save trees, I was ridiculed but now I think that I won't be targeted if I raise the issue of water crisis," he said, adding that more trees should be planted and should be cultivated like crops to save the environment.

# SURYADATTA® - Unique 7 Pillar Philosophy

To say that we live in diverse times would now definitely be a buzzword. The world has changed and is still changing at a fast speed. During these volatile and uncertain times when technology has taken main stage, people are working remotely. Industries are changing the way they work and produce. Companies are looking at hiring people with multiple skill sets, multi-tasking and people who can unlearn fast and learn even faster. Life skills, which add capabilities to aid young people in transitioning to an evolving era of work, have been identified as important for the holistic development of young minds. Effectively scaling up the delivery of such innovative programmes, to empower our youth to thrive and equip them with the right skill sets, is the appropriate logical step. Central to this is a systematic approach that can ultimately help integrate life skills training with the mainstream education curriculum & improve the preparedness of the next generation.
